April has been an enterprising month. All the Kindergarten children of SWAD school got admission in good Private and Government Schools of Chandigarh.

Liberal donation of essential items for Medical program. Mr. Surjit Singh donated 10 weighing scales for Health Promoters and he adopted one NIPP child.

Mrs. Suchi Thakur donated Furniture to DIR-INDIA worth six lakhs. The complete Basti office including SWAD school was glorified. The items included cupboards, chairs, lockers, racks, office desk and cushioned chairs etc. We are grateful to Suchi Thakur for her liberal contribution and making DIR-India's functioning comfortable in the Basti.

Mrs. SUCHI THAKUR

Summer heat of Nayagaon with poor sanitation and unhealthy environment, number of red zone children has started rising in certain areas where there is open drainage with sewage block. The rise of figures generates serious concern. The open drainage and unhygienic condition are prevalent in Hawra lines in Adarsh Nagar and Safeda Colony. These are one room sets which the owners have constructed for their livelihood. Most of these owners themselves reside in Chandigarh. This has to be brought to the notice of Health Department of Punjab Government.
